

AFE Association for **FACILITIES ENGINEERING**®

<<< **AFE Region-8 Notice** >>>

Register for **AFE's Region 8- New England Certified Plant Engineer (CPE) Review Course**

**Taking place over 4 Saturdays:
Nov. 14 & 21 and December 5 & 12, 2009**

Region-8 is now offering a **\$100 Savings** on the regular cost of a review class!

Are you an experienced, working facilities engineering professional ready to make 2009 the year you get ahead by earning certification? AFE Region 8 can help.

We will conduct the AFE Certified Plant Engineer course in four (6) hour review classes and on the end of each day take the 2 hour respective exam.

The course covers the following:

- Electrical Engineering
- Civil Engineering
- Economics/Management
- Energy
- Controls
- Mechanical Engineering
- Environmental Engineering
- Maintenance: OSHA/Safety
- Instrumentation
- HVAC

You will have all the necessary materials and opportunities to ask questions. Upon successful completion you will join the ranks of AFE's fastest-growing certification program as a CPE.

Cost of the Review Class is \$ 995.00 (Members) \$ 1,195.00 (Non-Members) Which Includes the CPE Review Pack with classroom instruction and all Application and Registration Fees.

To Register: Mail this flyer along with 1) your name; 2) contact information/address/phone/email; and 3) a check payable to AFE Region 8, to: AFE Region 8 - P.O Box 400, Merrimack, NH 03054

Questions? Please contact Region-8 CPE Certification Coordinator: Dan Bittel, CPE
Tel: 603-424-1034 Email: dbittel@ix.netcom.com for more detailed information

**Review Class will be held from 8AM-5PM, with Exam at the end of each day
Saturdays - November 14 & 21, 2009 and December 5 & 12, 2009**

Location: Eastern Massachusetts. Applicants will be notified of exact location closer to the date of the first class. Exact location will be chosen based on the best central location for all applicants.

Visit www.afe.org for more information on membership and [CPE certification](#).
